 British Legation,
Tokio, December 1, 1904.

Dear Baron Komura,

I venture to ask Your Excellency's kind assistance in obtaining information regarding the measures taken by the Japanese Government for the prevention of juvenile smoking, and I beg to enclose a list of questions on this subject which I have received from the Surgeon-Oculist to the London County Council.

I am aware of the law on the subject issued in March 1900, but I should be glad to receive if possible more detailed information as to the working of this law, and especially in regard to the extent of the cooperation in its enforcement which is rendered by the police and school authorities in Japan.

Asking Your Excellence to kindly return me the enclosed list of questions together with any information the Authorities concerned may be able to supply,

I remain,

Yours very truly,

Signed: Claude M. MacDonald.

Excellency

Dear Sir,

Will you be so very kind as to find out for me:

- (i) If there is any legislation re Juvenile smoking in your country?
- (ii) If there be no legislation, whether there are bye-laws or notices by Education or Municipal authorities re Juvenile smoking, and if so to whom directed and at what date?
- (iii) If there is legislation, what are the verbatim Articles of such law, and when did they come into force?
- (iv) At whose instigation or on whose scientific report, the legislators of the country were induced to formulate the Act on Juvenile smi smoking?
- (v) If the answer to (i) is in the affirmative were there, previously to such legislation, methods of notifying by Education or other authorities, to teachers guardians and police authorities, the undesirability and harmfulness of smoking by Juveniles and for how long a time had such methods of notification been in force?
- (vi) In the event of the answer to (ii) being in the affirmative sense, how are the intentions of the bye-laws enforced, and what power have teachers or guardians of the children to enforce it (a) in school premises (b) out of school premises.
- (vii) What rules if any are in force among Boys Brigades, or such societies, for the prevention of smoking among their members, (a) when in uniform, (b) out of uniform.

Signed: R. J. Edward Hanson
